HRC65-4R-CORNER RADIUS

ZANHO Cutting Tools

Feature

- **Premium Series:** Specifically designed for stable milling in **Hardened Mold Steel** and high-hardness components.
- **Edge Strength: Corner Radius (Bull Nose)** design significantly enhances edge toughness and prevents chipping.
- **Coating:** Advanced **Nano Blue Coating** provides exceptional thermal stability and extends tool life under extreme conditions.
- **Workpiece Compatibility:** Highly effective for **Hardened Steel (HRC55-62)**, Alloy Steel, and Stainless Steel.
