HRC60-2B-BALL NOSE

ZANHO Cutting Tools

Feature

- **Type:** 2-Flute (2B) Ball Nose design for precise **3D profiling and contouring**.

- **Hardness:** Specifically engineered for machining steel and mold steel
- **Coating:** High-performance **AlCrN Coating** for superior heat and wear resistance in hard materials.
- **Helix Angle: 35° Helix Angle** providing stable cutting performance and excellent surface finish.
