HRC65-4S-SQUARE

ZANHO Cutting Tools

Feature

- **Premium Series:** Specifically engineered for extreme high-hardness materials **up to 65 HRC** .
- **Advanced Coating: Nano Blue Coating** provides industry-leading oxidation resistance and red hardness.
- **Substrate:** Made from ultra-fine micro-grain carbide for maximum tool rigidity and durability.
- **Helix Angle: 35° Helix Angle** optimized for high-speed cutting in hardened mold and tool steels.
- **Workpiece:** Ideal for Hardened Steel, Stainless Steel, and Alloy Steel under extreme
