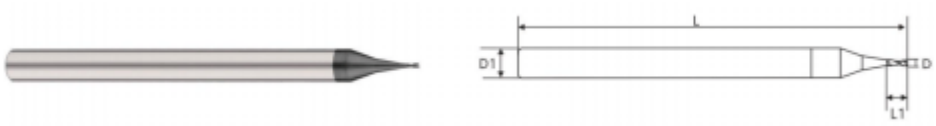
KNA750M-2S

ZANHO Cutting Tools

Feature

- **Micro Precision Expert:** Engineered for ultra-precise **Micro Machining** tasks, delivering exceptional accuracy for intricate details and small-diameter profiles.
- **Premium AlCrN Coating:** Features advanced **AlCrN Coating** for superior thermal stability and wear resistance, maintaining edge integrity in demanding environments.
- **Ultra-Small Diameter Range:** Available in precision-ground cutting diameters from **0.1mm to 0.9mm** (D0.1-D0.9) to meet diverse micro-milling needs.
- **Stable Geometry: 30° Helix Angle** provides the optimal balance between tool strength and efficient chip evacuation for small diameter applications.

Descriptions



Order Number	Specification	D	L1
KNA750M-2S-00102	D0.1*D4*50L*2F	0.1	0.2
KNA750M-2S-00204	D0.2*D4*50L*2F	0.2	0.3
KNA750M-2S-00306	D0.3*D4*50L*2F	0.3	0.6
KNA750M-2S-00408	D0.4*D4*50L*2F	0.4	0.8
KNA750M-2S-00510	D0.5*D4*50L*2F	0.5	1
KNA750M-2S-00612	D0.6*D4*50L*2F	0.6	1.2
KNA750M-2S-00714	D0.7*D4*50L*2F	0.7	1.4
KNA750M-2S-00816	D0.8*D4*50L*2F	0.8	1.6
KNA750M-2S-00918	D0.9*D4*50L*2F	0.9	1.8
