T-Slot Cutter-Steel

ZANHO Cutting Tools

ZANHO

TS-4S

CARBIDE CUTTER

Feature

- **Steel Slotting Specialist:** Specifically engineered for high-precision **T-Slotting and Side-Grooving** in various steel grades, ensuring accurate profiles and clean edges.
- **Enhanced Tool Rigidity:** 4-flute design offers superior tool balance and a much smoother surface finish compared to conventional 2-flute T-slot cutters.
- **Interference-Free Reach:** Features a **Relieved Neck** design with specific clearance lengths to allow for deep-slot work without tool body interference.
- **Massive Spec Selection:** Available in diameters D2 to D12 with varied blade thicknesses (L1) to suit specific mechanical slotting requirements.
