TT

—— Chip-breaker ——

Content

Premium Performance & Design

- **TT Chipbreaker:** Specially designed for **Medium Machining**, providing reliable chip breaking and preventing heat accumulation.
- **Heavy Duty Capability:** Includes the **CNMG1906** series for larger depth of cut (up to 8.0mm), ideal for high-removal rate operations.
- **Wide Feed Range:** Supports stable turning with feed rates from 0.11 to 0.60 mm/rev.
- **Enhanced Durability:** Advanced coating technology for superior wear resistance in heavy CNC turning environments.

Technical Specifications

Model	Radius (re)	Feed (fn)	Cut Depth (ap)
CNMG120404-TT	0.4 mm	0.11 - 0.50	0.5 - 5.0 mm
CNMG120408-TT	0.8 mm	0.13 - 0.50	0.5 - 5.0 mm
CNMG190608-TT	0.8 mm	0.17 - 0.60	0.5 - 8.0 mm

Application Materials

P (Steel) ???

M (Stainless) ???

K (Cast Iron) ??

ZANHO - Your Professional CNC Tooling Partner

Factory direct supply with high precision and competitive pricing. Inquire today for bulk discounts!
