

HRC55-4R-CORNER RADIUS

Product Images

HRC55- 4R

CARBIDE END MILL FOR GENERAL APPLICATIONS

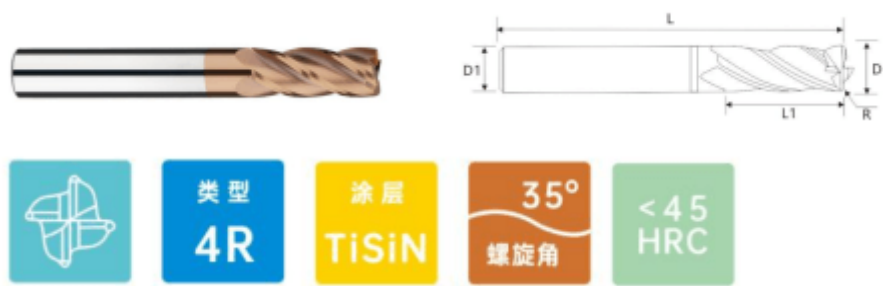

Summary

- **Type:** 4-Flute Corner Radius (Bull Nose) for enhanced edge strength and longer tool life.

- **Hardness Target:** Engineered for workpieces with hardness **up to 45 HRC**.
- **Advanced Coating: TiSiN Coating** provides excellent oxidation resistance and high-speed stability.
- **Workpiece Compatibility:** Highly suitable for **Carbon Steel, Alloy Steel, Stainless Steel, and Cast Iron**.
- **Design: 35° Helix Angle** balances cutting efficiency and chip removal for stable machining.
- **Precision Specs:** Available in sizes D1 to D12 with precision R0.2 to R1.0 corner radius for fine contouring.
