

KNA700G-2B-BALL NOSE

Product Images

KNA700G-2B

HIGH PERFORMANCE CARBIDE END MILLS

Summary

- **Design: Anti-vibration** unequal division to suppress resonance during 3D contouring.

- **Application:** Specialized for 3D profiling, copy milling, and finishing on complex surfaces.
- **Coating:** High-performance ZRN coating for superior wear resistance.
- **Workpiece:** super alloy
- **Benefit:** Achieves a superior surface finish by eliminating chatter and tool noise.
