

KNA700G-4R-CORNER RADIUS

Product Images

KNA700G-4R

HIGH PERFORMANCE CARBIDE END MILLS

Summary

- **Anti-vibration Design:** Unequal division and **38°/40° variable helix** to suppress chatter and resonance.
- **Durable Corner Radius:** Enhanced edge strength (Bull Nose) prevents chipping, ideal for stable, high-efficiency milling.
- **Benefit:** Achieves a superior surface finish and precision in demanding CNC operations.
