KNA750-4SN

CARBIDE LONG NECK END MILLS

Summary

- **Elite Deep Reach:** Specifically engineered with a **Long Neck** design for ultra-precise **Deep-Pocket and Narrow-Slot** milling where standard tools cannot reach.
- **Enhanced Stability:** 4-flute design provides maximum tool rigidity and a superior surface finish, ideal for fine finishing in hardened steel.
- **Interference-Free Design:** Relieved neck diameter ensures smooth machining in complex 3D profiles without the risk of tool collision or vibration.
- **Extended Reach Options:** Available in standard 50mm and **75mm Extended Shank (SNH)** versions to meet various deep-cavity depth requirements.
