

PA100-3R-CORNER RADIUS

Product Images

PA100- 3R

CARBIDE HIGH EFFICIENCY ALUMINUM END MILL

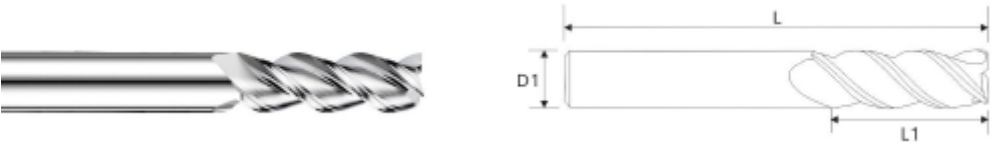

Summary

- **Specialty:** 3-Flute (3R) corner radius design engineered for **High-Precision Finishing**.

- **Edge Strength: Corner Radius (Bull Nose)** protects the cutting edge from chipping, extending tool life in hard-working conditions.
- **Surface Quality: Uncoated (Bright)** carbide provides the sharpest edge to achieve a **mirror-like finish** on non-ferrous metals.
- **Helix Angle: 45° Helix Angle** for stable, vibration-free operation during fine finishing.
- **Workpiece:** Ideal for **Aluminum Alloy, Copper, and Plastics** (Workpiece category N).
