

Rough End Mills for steel

Product Images

REN-4S

CARBIDE ROUGHING ENDMILLS

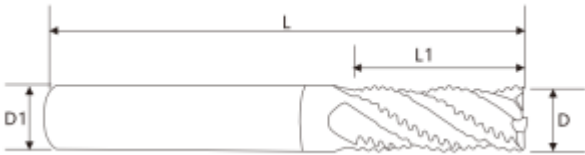

Summary

- **Maximum MRR:** Engineered with a specialized **Wave-Edge (Knuckle)** profile to break chips and reduce cutting forces, allowing for massive **Material Removal Rates**.
- **4-Flute Rigidity:** 4-flute design offers superior tool strength and stable cutting performance during heavy-duty side milling and slotting.
- **Workpiece Compatibility:** Highly effective for Carbon Steel, Alloy Steel, and Mold Steel with hardness **up to 52 HRC**.
- **Broad Selection:** Available from D4 to D20 diameters with various flute and overall length configurations to match your machine power.
