

Three-Tooth for Titanium Alloy

Product Images

TG150-3S

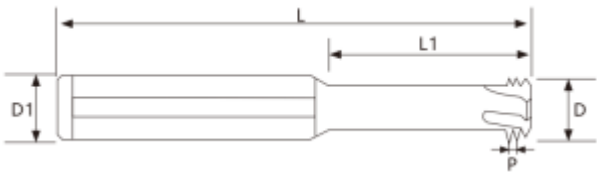

THREADING MILLS

Summary

- **Titanium Machining Expert:** Specialized 3-tooth design engineered for optimal performance in **Titanium Alloy, Inconel, and Heat-Resistant Alloys** (Category S).
- **Three-Tooth Efficiency:** Offers superior cutting stability and faster cycle times compared to single-point tools, ideal for high-precision batch production.
- **Stable Cutting Action:** Multiple points of contact minimize tool vibration and deflection, ensuring a superior thread surface finish in tough metals.
- **Precise ISO Standards:** Guaranteed pitch accuracy and burr-free thread profiles for metric threads ranging from **M1 to M30**.
