

8xD Internal Coolant Drills

ZANHO Cutting Tools

ICD-8D

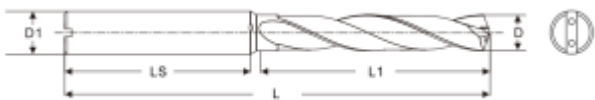

CARBIDE DRILLS

Feature

- **Extreme Deep-Hole Cooling:** Features **Two Internal Coolant Holes** providing continuous, high-pressure lubrication directly to the cutting tip for superior chip ejection and thermal control.
- **8xD Depth Capacity:** Engineered for ultra-precise drilling up to **8 times the diameter** in length, significantly outperforming standard external coolant drills.
- **High Dimensional Accuracy:** Precision-ground micro-grain carbide substrate ensures tight hole tolerances and excellent wall surface quality.
- **Heavy-Duty Size Range:** Available in diameters from **4.0mm up to 20.0mm** to meet demanding industrial and heavy-machining requirements.
