ZANHO Cutting Tools

SD-2C

CARBIDE SPOT DRILL

Feature

- **Hole Positioning Expert:** Specifically designed for high-precision **Hole Spotting and Centering** to prevent drill walk and ensure dimensional accuracy.
- **Versatile Angles:** Available in **60°, 90°, and 120°** options to perfectly match the point angles of subsequent twist drills.
- **Multi-Functional:** Can be used for both initial spotting and simultaneous edge chamfering, improving production efficiency.
- **Workpiece Compatibility:** Optimized for Alloy Steel, Carbon Steel, and Cast Iron with diameters ranging from D1 to D20.

Descriptions

Steel Order Number	Specification	D	
SD-2C-01090	D1*A90*D4*50L*2F	1	
SD-2C-01590	D1.5*A90*D4*50L*2F	1.5
