3XD Cabide Twist Drills

ZANHO Cutting Tools

ZANHO

SCD-3D

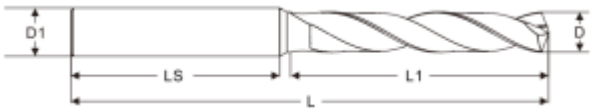

CARBIDE DRILLS

Feature

- **Standard Depth Specialist:** Features a **3xD Depth-to-Diameter Ratio**, ideal for most common industrial hole drilling applications in CNC machining.
- **Optimized Chip Evacuation:** Specialized flute geometry ensures smooth chip flow and reduced cutting torque, preventing tool breakage in deep holes.
- **High Precision & Rigidity:** Made from premium sub-micron grain carbide to ensure tight hole tolerances and superior surface finish.
- **Wide Spec Range:** Available in precision diameters from **3.0mm to 7.2mm** with reinforced shanks for maximum tool stability.
