BSP(G) Parallel Pipe Thread Mill

ZANHO Cutting Tools

ZANHO

S/PS/RP/BSP

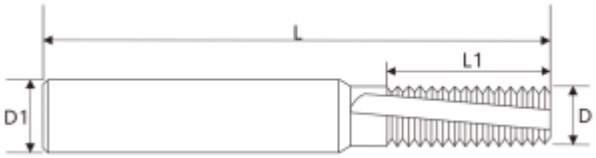

THREADING MILLS

Feature

- **Parallel Thread Specialist:** Engineered for cutting high-quality **G (BSP), RP, and PS** parallel pipe threads with a precise 55° thread angle.
- **Multi-Standard Compatibility:** Perfectly suits British Standard Pipe Parallel requirements for plumbing, hydraulic, and pneumatic fittings.
- **Wide Spec Range:** Extensive selection covering micro **G1/16-28** up to large-scale **G1"-11** industrial thread components.
- **Precision and Stability:** Multi-tooth design ensures stable cutting action and high dimensional integrity for reliable mechanical connections.

Descriptions

??? Order Number	?? Specification	?? D	??? L1
TB100-G0116028	G1/16-28	5.8	17
TB100-G0108028	G1/8-28	7.7	20
TB100-G0104019	G1/4-19	10	20
TB100-G0308019	G3/8-19	10	25
TB100-G12102014	G1/2-14	11.9	30
TB100-G0102014	G1/2-14	15.7	40
TB100-G12304014	G3/4-14	11.9	30
TB100-G0304014	G3/4-14	15.7	40
TB100-G16100011	G1-11	16	42
TB100-G1000011	G1-11	19.9	42
