Carbide Taper Pipe Thread Mill

ZANHO Cutting Tools

ZANHO

NPT/NPTF

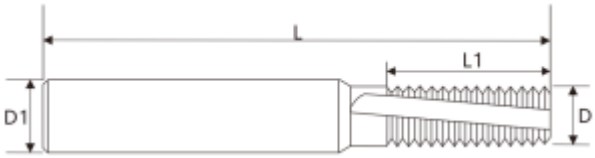

THREADING MILLS

Feature

- **Pipe Thread Specialist:** Specifically engineered for precision milling of **NPT (National Pipe Taper)** and **NPTF (Dryseal)** threads, ensuring pressure-tight, leak-free seals in demanding applications.
- **Full Profile Accuracy:** Multi-tooth design enables highly efficient, burr-free threading with perfect taper and pitch consistency.
- **Wide Pipe Standard Coverage:** Extensive range from **1/16-27** up to **1"-11.5**, meeting all common industrial requirements for valves, pumps, and hydraulic fittings.
