HRC55A-2B

ZANHO Cutting Tools

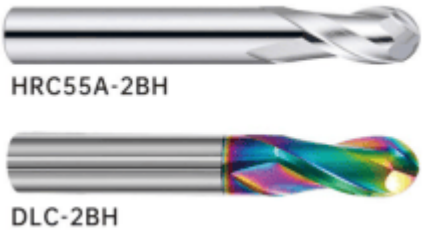

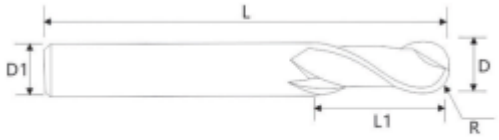

Feature

- **Type:** 2-Flute Ball Nose End Mill for 3D profiling and contouring.

- **Coating:** DLC coating helps reduce friction and material adhesion.
- **Helix Angle:** 35° helix for smooth cutting and efficient chip evacuation.
- **Workpiece:** Suitable for aluminum alloy, copper, and other non-ferrous metals.
- **Options:** Available in HRC55A and DLC versions for different machining requirements.
