HRC65M-2S

ZANHO Cutting Tools

Feature

- **Hardened Steel Specialist:** Specifically engineered for intricate detailing and precision milling in **Hardened Materials** and tool steels.
- **Ultra-Fine Diameters:** Available in high-precision cutting diameters from **0.1mm to 0.9mm** (D0.1-D0.9) to meet demanding micro-machining specs.
- **Premium TIAlSiN Coating:** Advanced TiAlSiN coating provides exceptional red-hardness and wear resistance, essential for maintaining edge integrity in hard steel.
