MGR-Boring Cutter

ZANHO Cutting Tools

ZANHO

MGR

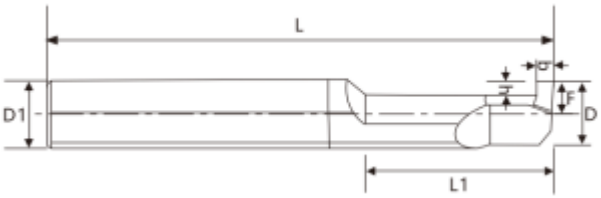

BORING CUTTER

Feature

- **Internal Slotting Expert:** Specifically designed for ultra-precise **Internal Grooving and Slotting** in small diameters, starting from a minimum hole size of **3.0mm**.
- **Accurate Groove Widths:** Features an extensive selection of precision blade widths from **0.5mm to 3.0mm**, ideal for high-tolerance O-ring and snap-ring grooves.
- **Optimized Stability:** Specifically engineered geometry to minimize vibration and deflection during internal grooving operations, ensuring high surface finish.
- **Workpiece Compatibility:** Highly effective for Carbon Steel, Alloy Steel, Stainless Steel, and Cast Iron with high-speed performance.
- **Versatile Sizing:** Comprehensive range of diameters and effective lengths (L5 to L32) to meet diverse miniature CNC machining demands.
